

OFFICIAL EVENT NOTICE

February 11, 2020

NOVEL CORONAVIRUS (2019 n-CoV) UPDATE – FEBRUARY 11, 2020

Dear Esteemed Exhibitor,

The organising committee of ADEX Asia Dive Expo has been monitoring the situation in Singapore closely in relation to the novel coronavirus (2019-nCoV). We would like to assure you that we are taking this matter seriously, and are working closely with the relevant government advisories of Singapore with the latest updates on the current situation.

As of Friday, February 7, 2020, the Singapore Government has raised the Disease Outbreak Response System Condition (DORSCON) level to the ORANGE code, which means a “moderate disruption” of activities, and the Ministry of Health Singapore has mandated that there is yet no evidence of widespread community transmission in Singapore and ongoing events can proceed as planned with added precautions that are in line with the latest advisories from the Ministry of Health Singapore.

As such, ADEX Ocean Vision 2020 in Singapore on April 17-19 at Suntec Singapore will continue as planned. In the unlikely event that the current situation worsens and the Singapore government and the Ministry of Health raise the DORSCON level to the “RED” code, the event will be postponed to a later date. As the organising committee of ADEX, we will in turn provide all of our esteemed stakeholders, partners, exhibitors, speakers and visitors an alternative action plan in full detail.

We will continue to work in partnership with the relevant government authorities and agencies and take all necessary measures in accordance with the latest advisories published by the Singapore Ministry of Health and the Singapore Tourism Board.

We will be providing regular updates on the ADEX website in the coming days with further information and answers to any questions you might have. For more information on DORSCON “Orange” code, please visit <https://www.gov.sg/article/what-do-the-different-dorscon-levels-mean>.

Statement from Singapore Tourism Board

“We are working closely with Underwater360° to support the continued success of Asia Dive Expo. We are committed to standing by our MICE industry to provide the support required, and we believe that Singapore’s reputation as a preferred destination for MICE events remains strong. The health and safety of locals, visitors and industry partners remain a priority and we will continue to monitor the situation.”

– **Mr Andrew Phua**
Director of Exhibitions and Conferences
Singapore Tourism Board

Thank you.

Yours sincerely,
ADEX Asia Dive Expo
Organising Committee
